

**MINISTRY OF LIVESTOCK AND FISHERIES
DEPARTMENT OF FISHERIES**

**EXPORTED FISH AND FISHERY PRODUCTS
FROM MYANMAR**

Acknowledgements

The Working Group wishes to express gratitude to Brigadier General Maung Maung Thein, the Minister for Ministry of Livestock and Fisheries and U Khin Maung Aye Director - General of Department of Fisheries for rendering guidelines and necessary support.

Special thanks will go to the former Director - General U Than Tun for his valuable advice. We are deeply indebted to former Deputy Director General U Hla Win, Department of Fisheries for editing the draft.

We extend our gratitude to the Deputy Director - General U Khin Ko Lay and Director (FIQC) U Win Myint Maung and special thanks are also due to staff officer U Myint for editing the exported (1) aquarium fishes, (2) marine fishes, (3) freshwater fishes, (4) shell fishes and molluscs and (5) value added products, scientific name, local name and common name.

PREFACE

Department of Fisheries after recognizing the increasing contribution of fishery sector to national economy including foreign earning has exerted more efforts implement strategy of expanding fish trade in regional and international markets as a major component. Dissemination of information potential markets is one of the activities recently developed in Myanmar. In these regard various information related to Myanmar fisheries have been documented and published by relevant divisions of Department of Fisheries. Most, if not all of the publications will include facts and figures on related sub sectors equipped with adequate information on the fishery export products and varieties. As such-Department of Fisheries with the aim to facilitate the information transfer to some extent has published this booklet on export oriented fishery products from Myanmar.

It is our sincere hope that this document will give broader understanding on our products and will be of great assistance to the market access.
